

SCCAA 2019 Agency Management Accomplishments (090)
Submitted into Egov

#1 Describe up to three notable management accomplishments achieved by the agency during the reporting year (2019). Describe how responsible, informed leadership and effective, efficient processes led to high-quality, accessible, and well-managed services and strategies

1) SCCAA's sub-grantee, Sutter Yuba Homeless Consortium reported the following: Chelsea Burke, the Coordinated Entry Manager, started holding regular case management meetings, bringing together all service agencies to match individuals/households from the By-Name List (BNL) to appropriate programs. (BNL is a continually updated snapshot of all individuals experiencing homelessness within that subpopulation in that area. The purpose of a by-name list is to provide a clear understanding of each identified homeless person and their specific needs, facilitating the efficient coordination of housing and services) This has led to an increased number of households being housed in both emergency and permanent housing. Additionally, the Sutter Yuba Homeless Consortium has instilled a monthly reporting requirement from all agencies in order to effectively track program spending. We hope to continue to improve on this method of monitoring. The Coordinated Entry committee has also been reviewing the intake assessment forms, attempting to streamline the approach in order to decrease the length of time it takes to complete an assessment.

2) SCCAA's sub-grantee, Yuba-Sutter Legal Center for Seniors reported the following: In 2019, the Center re-designed its closing paperwork to capture the detailed info required by a certain funding source without increasing the total paperwork. Previously, the staff had to review files by hand to get this information. This allows the Center to now collect the data on a spread sheet in much less time, leaving more time to assist clients.

#2 Provide up to three examples of ways in which the agency addressed a cause or condition of poverty in the community using an innovative or creative approach. Provide the agency name, local partners involved, outcomes, and specific information on how CSBG funds were used to support implementation.

1) **Agency Name:** Sutter Yuba Homeless Consortium

CSBG service category: Services supporting multiple domains

Description of program: A one-stop location for homeless individuals and households for meals, showers and laundry, case management, life skills classes, legal support and referrals for housing, mental health and substance abuse services.

How innovative/creative: Brings all service providers together at one location to better serve the client as opposed to being scattered throughout the region and being difficult for the client to access services.

How CSBG funds were used: Funds from CSBG have been used to operate Coordinated Entry, including case management staffing and the provision of emergency shelter and rental assistance.

Local partners involved and how contributed:

- Hands of Hope--provide service and center oversight
- Bridges to Housing--provide information and referral with rental deposits

2) **Agency Name:** Yuba-Sutter Legal Center for Seniors

CSBG service category: Other-Senior Legal Assistance/Services

Description of program: Provide free legal services and advocacy for low-income persons aged 60 and over in Sutter County to help them obtain or maintain their income, housing and medical care.

How innovative/creative: The Legal Center addressed the problem of providing services to seniors in Sutter County who are unable to come to their main office in Marysville due to transportation limitations by gaining access to the Yuba City Senior Center and Date Street Senior Housing Complex in Live Oak to meet with Live Oak residents.

Outcomes achieved: Approximately 12 seniors were enrolled/seen at the Senior Center in 2019 and 11 were enrolled/seen in Live Oak. All received assistance with powers of attorney, health care directives, debtor creditor counseling, and property transfers as a result of this initiative.

How CSBG funds were used: CSBG funds were used to pay the salaries of the paralegal, who saw clients at the Senior Center and the attorney who met with clients in Live Oak.

Local partners involved and how contributed: By partnering with Yuba City Senior Center Staff they are able to use a private room at the center to meet with clients and staff publicizes the services and encourages seniors to contact the Legal Center to make an appointment.

By partnering with The Housing Authority of Nevada, Sutter and Colusa Counties they are able to use a conference room at the Date Street Senior Housing Complex in Live Oak to meet with clients. The site is located on one of the main stops for the Live Oak inner city bus service and is easily accessible to seniors who do not drive or are disabled.

#3 Provide up to three examples of changes made by the agency to improve service delivery and enhance impact for individuals, families, and communities with low incomes based on their in-depth analysis of performance data.

1) SCCAA's sub-grantee Sutter Yuba Homeless Consortium reported the following:

Problem: a high number not receiving timely services and long wait times to find housing

Insight/change based on performance data: Client satisfaction surveys indicated long wait times for case management and no housing plan being made.

Changes made: Coordinated Entry hired more peer mentors and lower level case managers to assist individuals/households experiencing homelessness remove some simple barriers before they even enter a shelter or permanent housing, including obtaining employment, obtaining social security benefits and drivers licenses, reconnecting with extended family for housing, etc. The additional staff has expedited services and diminished the number of homeless, diverting them from the emergency shelters, leaving the available shelter beds for the most vulnerable clients.

2) SCCAA's sub-grantee Yuba-Sutter Legal Center reported the following:

Problem: new criteria funders requiring and inefficiencies of finding out late in case management of need for access to insurance options/assistance

Insight/change based on performance data: funders negative finding and client interaction revealing insurance needs

Changes made: The Legal Center redesigned its client intake form to gather data on types of health insurance clients have. This helped to determine if referrals to other agencies or further assistance was necessary right up front and not finding out later. For example, seniors receiving Medicare or turning 65, may need referrals to the Health Insurance Counseling and Advocacy Program to counsel and help them select a Medicare supplement and/or prescription policy. Seniors without Medicare or unable to afford a Medicare supplement, might need a referral for Medi-Cal or the County Medical Services Program (CMSP). Part of the Legal Center's mission is to help clients apply and qualify for Medi-Cal or CMSP.
